INTRODUCTION

The Department of Local Government has implemented a new Integrated Planning and Reporting Framework with the objective of improving delivery of services to the community by councils.

The framework requires councils to integrate all of their plans together with the objective of delivering services for the community through streamlining council operations and ensuring optimal use of resources. Under the guidelines every council is required to prepare the following documents:

- Community Strategic Plan for at least the next ten years
- Delivery Program for four years
- Operational Plan annually
- Workforce management Plan
- Long Term Financial Plan for at least ten years
- Asset Management Plan

According to the Local Government Integrated Reporting and Planning Guidelines for New South Wales, the following is required:

- The Long Term Financial Plan must be updated at least annually as part of the development of the Operational Plan
- The Long Term Financial Plan must be reviewed in detail as part of the four yearly review of the Community Strategic Plan

The Long Term Financial Plan must include:

- Planning assumptions used to develop the plan
- Projected income and expenditure, balance sheet and cash flow statement
- Sensitivity analysis
- Financial modelling for different scenarios
- Methods of monitoring financial performance

This is the annual review as part of the development of Operational Plan. For the full Long Term Financial Plan please refer to the 2017/2018 - 2026/2027 Long Term Financial Plan which was adopted on 13th June 2017 and available on the council website.

about this plan

This document combines Council's Delivery Program, Operational Plan and Budget.

Together they show how Council will contribute to delivering on community aims and strategies outlined in the Community Strategic Plan – "guiding griffith 2040".

We have used the four focus areas of the Community Strategic Plan – Leadership, Love the Lifestyle, Growing our City and Valuing our Environment to structure the Delivery Program.

The Delivery Program sets out the activities that Council will complete in a four year period which is aligned to a Council term, along with measures we will use to track our progress in achieving the activities.

The Operational Plan shows services, key projects and capital works that Council will deliver in the coming year.

The Budget shows our income, expenditure and capital programs for the year ahead as well as Council's Revenue Policy.

message from the mayor and general manager

We are pleased to present Griffith City Council's 2019/20 Operational Plan as part of the Delivery Program 2017/18- 2020/21.

Possibly one of the most important things we do is budget and plan for the projects Council will undertake.

Our Operational Plan 2019/20 sets out this expenditure and the many exciting projects Council is planning to deliver for our community over the next financial year. This is the action plan and budget that staff will follow as we work to achieve some wonderful things for Griffith.

There is a strong focus on recreational infrastructure in this Operational Plan and one of the projects Council is looking forward to seeing come to fruition is the Regional Sports Precinct.

It is wonderful to see the community enthusiasm being shown for this project too.

The sporting precinct project will see the construction of a first-class, multi-purpose regional sports complex, catering for multiple sports.

The complex will include seven indoor basketball courts with seating for over 1000 people, seven all-weather netball courts, a new synthetic athletics track with new lighting, a new synthetic turf hockey pitch and a new grandstand.

It also includes a new 50-metre pool to complement the existing facilities at the Griffith Regional Aquatic Leisure Centre.

Other exciting items include a new stage for Memorial Park, improvements to the toilet block, the installation of a larger stage in the Community Gardens and a new toilet block at City Park.

These developments, teamed with the continuation of work on the Griffith Southern Industrial Link (GSIL) road link and new footpaths/cycleways, will help make our City more user-friendly and accessible.

We are also pleased that the NSW and Australian governments have committed \$8.8 million to upgrade the Yoogali intersection. This Roads and Maritime Services (RMS) project will improve safety for all road users by upgrading traffic efficiency and heavy vehicle accessibility at the intersection. Planning for the project is well and truly underway.

The sealing of Boorga Road and part of Dickie Road is another big infrastructure project that we are delighted to be able to include in our budget this financial year. The NSW Government has committed to funding most of the cost of this work.

The new Community Centre in Olympic Street, sitting alongside the new Skate Park, will see this section of the City become a devoted Youth Precinct. The Western Riverina Country Universities Centre Study Hub will open its doors in Griffith and Leeton during 2019.

Council is also pleased to be able to continue to assist in delivering a diverse program of cultural experiences and community events, including Spring Fest and the Griffith Easter Party, to help stimulate the local economy.

We have a lot to look forward to as we continue to work together to shape a diverse, liveable and dynamic City

Council is committed to ensuring we show leadership on what matters to our community and to best represent your needs and aspirations.

To this end, Council will work with the community, partners and other stakeholders to put this Plan into action.

integrated planning & reporting framework

Local councils in NSW are required to undertake their planning and reporting activities in accordance with the Local Government Act 1993 and the Local Government (General) Regulation 2005. The Integrated Planning & Reporting (IP&R) framework enables councils to integrate their various plans together, understand how they interact and get the maximum leverage from their efforts by planning holistically for the future. Under the IP&R framework Council is required to prepare the following documents:

Community Strategic Plan ‘guiding griffith 2040’

The purpose of the Community Strategic Plan is to identify the community’s main priorities and aspirations for the future and to plan strategies for achieving these goals. While Council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan it is not wholly responsible for its implementation. Other partners such as State agencies and community groups may also be engaged in delivering the long term objectives of the plan.

Delivery Program (this document)

The Delivery Program is a statement of commitment to the community from each newly elected council. The Delivery Program outlines the principal activities to be undertaken by Council to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy over the four year term of Council. Essential elements for the Delivery Program include:

- The Delivery Program directly addresses the objectives and strategies of the Community Strategic Plan and identifies principal activities that Council will undertake:
- The Delivery Program must inform and be informed by the Resourcing Strategy
- The Delivery Program must address the full range of Council operations
- The Delivery Program must allocate high level responsibilities for each action or set of actions
- Financial estimates for the four year period must be included in the Delivery Program.

Operational Plan (this document)

The Operational Plan has been prepared as a sub-plan of the Delivery Program. It directly addresses the actions outlined in the Delivery Program and identifies projects, programs or activities that Council will undertake within the financial year towards addressing these actions. Essential elements for the Operational Plan include:

- It must directly address the actions outlined in the Delivery Program
- It must identify projects, programs or activities that Council will undertake within the financial year towards addressing these actions
- The Operational Plan must allocate responsibilities for each project, program or activity
- It must identify suitable measures to determine the effectiveness of the projects, programs and activities undertaken
- The Operational Plan must include a detailed budget for the activities to be undertaken in that year.

Resourcing Strategy

The Community Strategic Plan, the Delivery Program and Operational Plan must be supported by a Resourcing Strategy. The Long Term Financial Plan, Workforce Plan and Asset Management Plan combine to form Council’s Resourcing Strategy.

The **Long Term Financial Plan** provides information about the financial sustainability of Council to address its current and future needs. The Long Term Financial Plan is used to inform decision making during the development of the Delivery Program and must be for a minimum of ten years.

The **Workforce Plan** must address the human resourcing requirements of Council’s Delivery Program for a minimum timeframe of four years.

The Asset Management Plan informs on the current condition and ability of the community assets that exist for delivery of services to the community. Council must account for and plan for all the existing assets under its ownership and any new asset solutions proposed in its Delivery Program. The Asset Management Plan must be for a minimum timeframe of ten years.

When integrated, all these plans will ensure Council delivers the expressed levels of service to its community through optimal utilisation of its resources.

Annual Report

The Annual Report is a report to the community of Council's performance and achievements

in relation to the objectives outlined in the Community Strategic Plan guiding griffith 2040, Council's Delivery Program and Operational Plan. The Annual Report focuses on Council's implementation of the Delivery Program and Operational Plan as these are the plans that are wholly Council's responsibility and also includes some information that is prescribed by the Local Government (General) Regulation 2005.

End of Term Report

This document will be prepared at the end of Council's four-year term to report Council's achievements in implementing the Community Strategic Plan over the previous four years.

Griffith was proclaimed in 1916 and is located within the Murrumbidgee Irrigation Area (MIA). It was named after Arthur Griffith, the New South Wales Minister for Public Works during the period of 1910-1915 and was designed by Walter and Marion Griffin, who received worldwide acclaim for their design of Canberra.

Griffith is a regional city situated in the Riverina Region of south-western New South Wales, about 450 kilometres north of Melbourne, and 570 kilometres west of Sydney. Griffith City Council local government area is bounded by Carrathool Shire in the north, west and south-west, Narrandera Shire and Leeton Shire in the east, and Murrumbidgee Council in the south.

Griffith is located in the heart of the Wiradjuri Nation – the largest nation of Aboriginal and Torres Strait Islander people in Australia. Griffith City Council recognises the contribution of Aboriginal people in the history and growth of Griffith and its surrounding villages. As such, Council acknowledges the Wiradjuri people as the traditional owners of the land and pays respect to Wiradjuri Elders past, present and future.

Griffith City Council also acknowledges the contribution made to this community by the many and diverse cultural groups that have greatly contributed to the social and economic wealth of this region. Griffith is noted for its cultural diversity, with a higher than average number of residents of European descent, primarily Italian. Over more recent years, there has also been a growth in the local Indian and Pacific Islander population.

Griffith is recognised as regional capital for surrounding areas providing a range of commercial, retail, recreational, educational and health facilities.

Griffith City Council is governed by an elected body of twelve Councillors and has an annual operating budget in the vicinity of \$54M.

our community's vision for the future

The vision we have for the future of Griffith is designed to encourage commitment to our future and a sense of common purpose and responsibility. It reflects the kind of community we will be in 2040. The concept of a regional capital is a Federal Government initiative and Griffith is currently recognised as the regional capital of Western Riverina.

This vision will be achieved through the implementation of the strategies based on the four core themes of our Community Strategic Plan, guiding griffith 2040. Those themes are:

- Leadership
- Loving our Lifestyle
- Growing our City
- Valuing our Environment

These themes are clearly interwoven and impact upon each other. They are the cornerstone for our community's progress and success.

Overall, it is the people of our community that makes us unique. It is important our vision contains quality of life, prosperity and connectivity.

The community's vision for Griffith is captured in this simple statement:

“Griffith is a thriving and innovative regional capital with a vibrant lifestyle and diverse economy. We embrace our community, heritage, culture and environment.”

As Manager Executive Services, Shireen is responsible for Human Resources, Work Health and Safety, Payroll, Governance and Administration, Compliance, Media and Communications, Statutory Reporting and Integrated Planning and Reporting.

Director Sustainable Development - Phil Harding

Phil Harding was the Acting Director Sustainable Development with Council and was appointed to that role in November 2017. He has extensive experience in Local Government, primarily in Queensland as well as the private sector. Phil comes to Griffith with a very sound track record.

organisation structure

council's mission statement

1. To respond to the needs of the community and deliver in an economical manner those services which are the responsibility of Local Government.
2. To provide Local Government administration that is dedicated, accountable and committed to the improvement of the quality of life and the economic well-being of the citizens of the City of Griffith.

council's vision for griffith

Council's adopted vision for Griffith is:

To be an acknowledged major regional centre with an emphasis on best agricultural practices, providing:

- a viable local economy with sustainable development and growth;
- a clean and ecologically sustainable built environment and natural environment;
- a quality lifestyle for residents, and
- a pride in our cultural diversity.

council's corporate motto

"Love the Lifestyle"

As a community, Griffith is proud of its heritage and is inspired by its potential. This city and its community provides an abundance of opportunities for work, leisure, retail, education, business and investment.

Our motto, **"Love the Lifestyle"** is a reflection of this as it embodies all that defines Griffith.

council's corporate logo

Griffith's logo complements the corporate slogan and establishes recognition of the Griffith area, the fundamentals that have helped to create a strong community and the design principles of Griffith's architect, Walter Burley Griffin. The logo includes abstract representations of a waterwheel, the town plan, the sun, irrigation channels and the fruit produced by these elements.

delivery program

2017/18-2020/21

incorporating the operational plan 2019/20 actions, responsibilities and performance measures

The 2017/18- 2020/21 Delivery Program is a plan where the community's strategic goals, as set out in the Community Strategic Plan – [guiding griffith 2040](#), are translated into actions.

These are the principal activities to be undertaken by Council over its four year term to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy.

Supporting the Delivery Program is an annual Operational Plan. It incorporates the individual projects and activities that will be undertaken for the 2019/20 year to achieve the commitments made in the four year Delivery Program.

GUIDELINES

SETTING COUNCIL'S FEES AND CHARGES

Council's fees and charges for the various goods and services it delivers are set out in detail within the schedule which follows this section.

When determining these fees and charges Council must consider the presence and/or influence of certain economic factors in addition to principles related to the setting of prices for goods or services. The following economic factors should be considered:

ECONOMIC FACTOR	DESCRIPTION
Public Good and the Exclusion Principle	Council services may be provided free of charge in those circumstances where it is impossible or impractical to exclude users who do not choose to pay (free-riders).
Externalities	Fees may be discounted to a level below the cost of a service where the production or consumption of the service generates external benefits to the community (hence creating a community service obligation) provided the cost of the discount does not exceed the estimated benefit.
Merit Goods	Fees may be discounted to a level below the cost of a service if full cost recovery would prevent or discourage its consumption and the service is regarded as having particular merit to the welfare and well-being of the community (hence creating a community service obligation) provided the discount does not exceed the estimated benefit.
Natural Monopoly	Where Council has a monopoly over the production of a good or service, prices should be set at a level to fully recover costs unless there are explicit community service obligations or equity objectives.
Capital Shortage	Where Council produces a good or service, purely because of the unavailability of necessary capital, prices should be set at a level to fully recover costs and risk.
Consumer Protection and Safety	Prices in respect of regulatory functions should be set at a level to fully recover costs unless there are explicit community service obligations or equity objectives.
Entrepreneurial Opportunities	Where Council produces a good or service as a commercial pursuit, prices should be set a level to fully recover costs and risk.
Equity and Social Justice	Fees may be discounted to a level below the cost of a service if it is a stated intention to subsidise the users because of equity or social objectives.

GOODS & SERVICES TAX

The following schedule of fees and charges has been prepared using the best available information in relation to the GST impact on the fees and charges at the time of publication. However, there may be fees and charges for which council is not able to confirm the GST status.

(xi)

2019/20 REVENUE POLICY GUIDELINES

Accordingly if a fee that is shown as being subject to GST is subsequently proven not to be subject to GST, then that fee will be amended by reducing the GST to nil. Conversely if council is advised that a fee which is shown as being not subject to GST becomes subject to GST then the fee will be increased but only to the extent of the GST.

FEE JUSTIFICATIONS

The setting of Council's fees and charges has been justified utilising the following seven (7) pricing principles:

- Annual charges
- Fee for Service
- Cost Recovery
- Statute Limited
- Commercial Basis
- New Fee
- New Charge

Some fees and charges may be based on two (2) or more pricing principles. The principle used for each fee is included in the following schedule adjacent to each fee or charge.

Council has defined these categories as follows:

PRICING PRINCIPLE	DESCRIPTION
1. Annual Charges	This pricing principle relates to fees or charges which are charged on a once per annum basis. Their simple calculation and one-off nature allow the fee or charge to be raised annually.
2. Fee for Service (User Pays)	This principle is used where a specific individual cost can be isolated and charged to the user of the service. Here, the cost of the provision of the service is recovered from individual users.

2019/20 REVENUE POLICY GUIDELINES

PRICING PRINCIPLE	DESCRIPTION
3. Cost Recovery	Here, the fee or charge is set in order to recover Council's costs in the provision of the service. The costs or the provision the service must be able to be isolated to allow calculation. Fees or charges may be based on full or partial cost recovery dependent upon the nature of the fee or charge.
4. Statute Limited	These fees or charges are set by government regulation and thus the setting of these fees or charges is outside Council control.
5. Commercial Basis	This principle is applied to fees or charges whose setting may be affected by commercial or market factors. Here, Council considers market forces such as supply and demand and where the same or similar service is provided by private enterprise, the price charged by these private operators.
6. New Fee	These are new fees for the current year. They have not been raised or levied in previous years.
7. New Charge	These are new charges for the current year. They have not been raised or levied in previous years.

The following abbreviations are used throughout the schedule of fees and charges:

- Annual charges AN
- Fee for Service FS
- Cost Recovery CR
- Statute Limited SL
- Commercial Basis CB
- New Fee NF
- New Charge NC

2019/20 RATING STRUCTURE

ORDINARY (GENERAL) SERVICES

Proposed Rates for Increase of 2.7%

By virtue of section 494 of the Local Government Act, 1993, council is required to make and levy an ordinary rate for each year on all rateable land in its area.

Residential

Base amount charge - \$377.00 per rateable assessment

(35% of total yield) (3% variation)

Ad Valorem Rate - \$0.006850 cents in the dollar based on the 2016 unimproved capital value of the property.

(65% total yield) (3% variation)

Business

Base amount charge - \$415.00 per rateable assessment

(15% of total yield) (3% variation)

Ad Valorem Rate - \$0.009122 cents in the dollar based on the 2016 unimproved capital value of the property.

(85% total yield) (3% variation)

Farmland

Base amount charge - \$397.00 per rateable assessment

(14% of total yield) (0% variation)

Ad Valorem Rate - \$0.008117 cents in the dollar based on the 2016 unimproved capital value of the property.

(86% total yield) (6% variation)

Farmland – Irrigable Intensive

Base amount charge - \$1,028.00 per rateable assessment

(27% of total yield) (-2% variation)

Ad Valorem Rate - \$0.009256 cents in the dollar based on the 2016 unimproved capital value of the property.

(73% total yield) (1% variation)

Example of Residential Ordinary rates for 2019/20

(UCV (Unimproved Capital Land Value) x Ad Valorem Rate) + Base Rate
 = (80,000 x \$0.006850) + \$377.00
 = \$548.00 + \$377.00
 = \$925.00

2019/20 REVENUE POLICY GUIDELINES

Example Non-Residential Sewerage Charge for 2019/20

1. With No Trade Waste

Assumptions:

- *Water Consumption (C) = 500kl/annum
- *Sewerage Discharge Factor (SDF) = 0.7
- *20mm Water meter (AC) = \$474
- *Sewerage Treatment Charge (STC) = \$1.65/kL

$$\begin{aligned}
 \text{Annual Bill} &= \text{AC} + (\text{C} \times \text{STC}) \times \text{SDF} \\
 &= \$474.00 + (500 \times 1.65) \times 0.7 \\
 &= \$474.00 + \$577.50 \\
 &= \$1,051.50
 \end{aligned}$$

2. With Trade Waste (Complying Category 1)

If the above example also had a trade waste discharge (of Category 1) with a:

- *Trade Waste Discharge Factor (TWDF) = 0.5
- *Trade Waste Administration Charge (TWAC) = \$105
- *Trade Waste Usage Charge (TWUC) = \$1.36/kL

then the annual bill would be:-

$$\begin{aligned}
 \text{Annual Bill} &= \$1,051.50 + \text{TWAC} + (\text{C} \times \text{TWUC}) \times \text{TWDF} \\
 &= \$1,051.50 + \$105.00 + (500 \times 1.36) \times 0.5 \\
 &= \$1,051.50 + \$105.00 + \$340.00 \\
 &= \$1,496.50
 \end{aligned}$$

3. With Trade Waste (Complying Category 2)

If example number 1 also had a trade waste discharge (of Category 2) with a:

- *Trade Waste Discharge Factor (TWDF) = 0.5
- *Trade Waste Administration Charge (TWAC) = \$198
- *Trade Waste Usage Charge (TWUC) = \$1.36/kL

then the annual bill would be:

$$\begin{aligned}
 \text{Annual Bill} &= \$1,051.50 + \text{TWAC} + (\text{C} \times \text{TWUC}) \times \text{TWDF} \\
 &= \$1,051.50 + \$198.00 + (500 \times 1.36) \times 0.5 \\
 &= \$1,051.50 + \$198.00 + \$340.00 \\
 &= \$1,589.50
 \end{aligned}$$

2019/20 REVENUE POLICY GUIDELINES

4. Non-Compliance Category 2 Trade Waste Discharge

If example number 1 is a non-complying Category 2 trade waste discharger with a:

*Trade Waste Discharge Factor (TWDF) = 0.5

*Trade Waste Administration Charge (TWAC) = \$198

*Non-Compliance Charge (NCC) = \$9.70/kL

then the annual bill would be:

$$\begin{aligned}\text{Annual Bill} &= \$1,051.50 + \text{TWAC} + (\text{C} \times \text{NCC}) \times \text{TWDF} \\ &= \$1,051.50 + \$198.00 + (500 \times 9.70) \times 0.5 \\ &= \$1,051.50 + \$198.00 + \$2,425.00 \\ &= \$3,674.50\end{aligned}$$

**Plant Hire Rates & Conditions
(Continued)**

Conditions of Plant Hire

The private hire of Council's plant will be subject to the following conditions:

- Work will be carried out at a time to suit Council's Works Programme and is subject to change without notice.
- Payment for the estimated hire period is to be made before work is commenced.
- Minimum hire period is of one (1) hour.
- Council will make a refund if hire period is less than estimated period. Subject to condition above.
- If requested, additional hire will be carried out. Payment for this additional work is to be made within seven (7) days of this work being completed.
- Hire rates are for total time on the site excluding lunch break.
- Details of work to be carried out must be given to the operator by the hirer unless special arrangements have been made.
- It is the hirer's responsibility to check and mark the location of any services or public utilities. Council will not accept liability for any damages to unmarked services etc.
- Plant requiring an operator will only be hired with an operator supplied by Council.
- All plant items, other than implements or those on daily or plant only rates, will be charged \$20.00 per hour for time worked outside normal hours.
- Plant hire rates do not include operator cost of **\$90/hour**.

Community concerns raised– Jan 2019

Dear elected Griffith City Councillors and General Manager of Griffith City Council.

The CDCG met in January and are presenting the following issues to Council to act upon for the community. We trust that the following issues will be addressed.

Look forward to receiving

feedback. Regards,

Carmel La

Community concerns raised– Griffith City Council – cont - Jan 2019

GRIFFITH CITY COUNCIL

1. SEATING

2018-2019 has had periods of severe hot weather, inclement weather and as winter approaches, cold weather will be imminent. Seating arrangements around Banna Avenue are inadequate to protect the community from the elements. In particular it affects the aging community and young children. Furthermore, available seating in the lawn area of Banna Avenue have declined over time.

SUGGESTED ACTION:

- Invest in overhead shading where seating are exposed to the weather elements
- Replace the type of material used in the seating to protect the user
- Additional seating in the lawn area on Banna Ave and where possible, place them under existing shading

COMMENT: Seating and shading will be implemented as part of the detailed design in accordance with the Griffith CBD Strategy.

2. BIKE RACKS

With an increase in bike users there is only one bike rack available in Banna Avenue.

SUGGESTED ACTION: Place bike racks strategically across Banna Avenue to encourage users to park their bikes in Main Street and carry on with their business.

COMMENT: Bike racks will also be implemented as part of the detailed design in accordance with the Griffith CBD Strategy.

3. BATS and TREES IN JUBILEE PARK

Bats are known to carry disease and waste from their droppings and a colony of bats can have a horrible smell and will promote the growth of mould and fungus that is dangerous to people.

SUGGESTED ACTION:

- Lop trees to dissuade the bats to 'hang' around and become a nuisance to nearby residences
- Lop and clean the deadwood from the trees so they don't block drainage in the storm water system

COMMENT: Council will continue to monitor the situation and respond should the community raise concerns. Some trees will be removed during construction of the new amenities block.

4. YAMBIL STREET

The holdup with the works in Yambil Street is disruptive to both businesses and road users. It may be that there are reasons for the holdup, however, due diligence prior to commencing any work plays an important part in completing projects on time and with minimum disruptions. The end result may be pleasant but that should not be used as an excuse for failing to carry out the works to deadlines.

SUGGESTED ACTION:

- That Griffith Council re-view the Yambil Street Road and Street upgrade so that the remainder of the works required is carried out efficiently and on time to minimize the disruptions to the businesses and the general community road access.

COMMENT: Council will review the implementation of its work program prior to commencement of Stage 2.

5. TOWN CENTRE

With multitudes of discussions and engaged consultants over many years, there appears to be a no end solution to a community outdoor mall type area for the CBD of Griffith.

SUGGESTED ACTION:

[COMMUNITY AND DEVELOPMENT COUNCIL OF GRIFFITH – JANUARY 2019 MTG]

- Do not employ more consultants
 - Use the many hundreds of thousands of dollars already spent on past consultants and their information to create an outdoor town centre/mall.
 - Ensure it will be strategic to the town centre to ensure it is accessible, available and a place where people would want to meet and enjoy the atmosphere. If these issues are not addressed -- in the event of a future mall project should happen-- then it will be an unproductive exercise.
- Although Kooyoo Street has featured as the preferred site for such a project it may be that other sites may need to be explored and discussed.

COMMENT: Outdoor community spaces are considered as part of the CBD Strategy.

6. FOOTPATHS

Safe foot paths are a continual battle in Griffith. There appears to be no constructive approach to ensure that the paths are uniform across the town.

SUGGESTED ACTION:

- Reconstruct parts of the footpath between the new Ambulance Station and MacDonaldis (Maccas) to ensure that the width and makeup of the footpath is consistent and not a trip hazard.
- Fix and construct the section of the footpath along Wakaden Street outstanding from the train derailment of a few years ago, to avoid on going trip hazard and difficulty for those using the footpath.
- Fix the uneven height to footpath along CWA section.
- Monitor footpaths along Banna Avenue to fix unevenness which keep appearing and continues to provide threat to trip hazards in particular the elderly.

COMMENT: Council has a Pedestrian Access and Mobility Plan (PAMP) and Footpath Maintenance budget allocation and inspection program.

7. RAMPS

The slope to Service NSW front parking area has always been a problem and an engineering fail. The slope is so steep that the elderly, the disabled and others not so strong are hit by their vehicle doors each time they try and struggle to get out of the car.

The community should not have to be subjected to stress over a slope at a parking area, in lieu of the many design solutions available to avoid such a situation.

Due to the multi-function Service NSW offers to the community- making it arguably the used service for the whole community, modifying the ramp parking angle is an important consideration to ensure safe access to the user.

SUGGESTED ACTION:

- Analyse the situation and come up with a more user friendly slope to the front parking area to stop user discomfort and the potential for people hurting themselves each time they get out of the car.

COMMENT: Council will prepare a design during the 2019/20 financial year to address the accessibility to the building.

8. CITY PARK

City Park was built to give the community a multi-use playground. However, shading over some of the activities such as the water play area and parts of the lawn area limits its use. Extreme hot weather is not going to diminish and is projected to increase, therefore shade relief is a requirement to protect the user, in particular the young.

The lack of parking keeps being a detriment to the facility.

SUGGESTED ACTION – CITY PARK:

|COMMUNITY AND DEVELOPMENT COUNCIL OF GRIFFITH – JANUARY 2019 MTG

- That an audit of the facility is carried out to determine areas of extra shading for the facility to ensure that the user is not affected by severe weather conditions.
- That an audit of the facility is carried to determine additional parking areas that can be developed to provide extra parking for the users.

COMMENT: Council has provided additional shading to City Park since its construction. Council will prepare a car parking strategy during the 2020/21 financial year to reflect increased demand as a consequence of the CBD Upgrade – Yambil Street, City Park amenities block, Community Garden's Community Stage.

9. ACQUATIC CENTRE

FREE ENTRY: Currently we have been experiencing extreme hot weather. To assist those in the community who may not have adequate cooling, Griffith City Council should act to help the community.

SUGGESTED ACTION: That the Griffith City Council address the discomfort some of the community experience with the extreme heat by opening the aquatic centre to the community free of charge once the hot weather exceeds 40 degrees, following the precedent of neighboring councils. This action should be put in place on a yearly basis.

COMMENT: Council provided free access to Griffith Regional Aquatic Leisure Centre (GRALC) on Australia Day 2019 in response to extreme heat. Council will consider a long term policy in regards to extreme heat action for the community.

10. MAIN ROADS

The main arterial roads around Griffith are used relentlessly by trucks of all types, transporting local produce. Currently these roads have deteriorated and keep deteriorating at a fast pace. Failing to keep an effective road management system in place potentially poses a safety issue to the road users, in particular the Hillston Road.

SUGGESTED ACTION: That Griffith Council maintain the roads so that vehicles can keep using the roads safely to both themselves and other road users.

COMMENT: Council has a Road Maintenance Program including Roads and Maritime Services (RMS).

**GRIFFITH BUSINESS CHAMBER SUBMISSION to DRAFT DELIVERY PROGRAM
2017/08 TO 2020/21 INCORPORATING THE OPERATIONAL PLAN 2019/20
(BUDGET) & DRAFT TEN YEAR LONG TERM FINANCIAL PLAN**

PRELUDE

GRIFFITH BUSINESS CHAMBER ARE A VOICE FOR THE BUSINESS COMMUNITY

The Griffith Business Chamber (GBC) is a not for profit association that has been promoting, supporting & protecting the interests & sustainability of businesses in Griffith since 1953.

We build and strengthen relationships with local businesses, local council, state and federal government for the benefit of the business community.

Our Executives are involved in various local committees to ensure the voice of the business community are constantly being heard by the appropriate decision makers.

WE ARE COMMITTED & PASSIONATE ABOUT BUSINESS

GBC on the business communities' behalf provide support and represent our members by lobbying at a local, state and federal government level. We provide an avenue to inform, advocate and promote our members through publications, events and activities.

OUR GOALS & VISION

GBC continue to work towards the Executive developed 10 Point Plan that aims for Griffith to thrive and prosper. The plan helps align our focus towards the important matters of the Griffith community:

- WATER
- EDUCATION & EMPLOYMENT
- TRUST MARK
- DECENTRALISATION
- HEALTH
- DEVELOPMENT
- REJUVENATION
- REPRESENTATION
- TRANSPORT
- TOURISM & REJUVENATION

Our aim through the 10 Point Plan is to support, generate & facilitate the growth of a strong business sector through creation and retention of employment, regenerating pride with a positive profile within the community.

DELIVERING ON OUR GOALS & VISION

Implementation of the 10 Point Plan for a sustainable future for the entire business community is far from simple however provides key enablers to allow our highly regarded entrepreneurs to maximise their market opportunities.

Our method focuses solely on promoting and providing **transparent** an **honest** information and feedback which is completely reasonable for a region of this size.

GBC constantly lobby, meet and liaise with government officials and key stakeholders at all levels about each item of the 10 Point Plan.

SUBMISSION

On behalf of Griffith's peak Business Representative Group – Griffith Business Chamber (GBC) – we make this formal submission on the *Draft Delivery Program 2017/18 - 2020/21 Incorporating the Draft Operational Plan (Budget) for the 2018/19 Financial Year and draft Ten Year Long Term Financial plan 2018/19 to 2027/28.*

We understand that our leaders/planners need to be positive and create confidence for the community. The current efforts of withholding crucial information with an unwillingness to adapt and be proactive (a "head in the sand" attitude) and no reference to challenges, simply creates distrust and permanently damages confidence.

We attach last year's submission to plans as we have never received a formal response to this submission and the audio from the meeting where it was discussed incidentally "failed".

The Report presented to Council on 12 June 2018 including responses to this submission is available on Council's website:
https://www.griffith.nsw.gov.au/cp_themes/default/page.asp?p=DOC-XZA-37-21-03

ALMOST ALL items in the above mentioned submission remain unresolved and this year's Draft Delivery program, Operational plan and 10 Year plan neglect to address or mention these significant and worsening problems.

NO Mention or address of reviewed or and further declining Gross Regional Product, in fact these reviewed figures show that our economy is lower than that of 2008 and has been consistently flat without CPI, inflation or costs of living allowances.

<https://economy.id.com.au/griffith/gross-regional-product>

Griffith City Gross Regional Product- Griffith City's Gross Regional Product was \$1.72 billion in the year ending June 2018, declining -3.5% since the previous year. Headline Gross Regional Product (GRP) is a measure of size or net wealth generated by the local economy. Changes in this figure over time can represent changes in employment, productivity or the types of industries in the area.

Council is delivering multitude of projects (Yambil St CBD, Sports Precinct, Active Transport, Memorial & City Park, employing local tradespeople and suppliers. These projects improve the liveability and attractiveness of Griffith as a thriving regional city.

HOUSING CRISIS around 10% of our population declared HOMELESS.

Findings from GRIFFITH HOMELESS STUDY alarmingly shows that in any given year there are up to 2,175 homeless people and 2,796 marginally housed people in GRIFFITH. Community members called out for years for GRIFFITH City Council to address the Housing and rental crisis but they refused to acknowledge or attempt to address this serious problem until now. Salvation Army major at Griffith says governments need to invest in more emergency housing. Griffith's housing shortage is so dire that caravan parks and short term manufactured units are urgently required.

This problem has exacerbated Medical staff shortages, Teaching shortages and major personnel and skills shortage across all businesses.

Griffith housing crisis data reveals majority of low-income earners deal with rental stress. Social Planning and Research Consultants Judith Stubbs says the data reveal a critical rental situation.

Programs like Griffith Now Hiring undermined by housing shortage. Council owned Lake Wyangan property continues to lay idle for decades.....

With reference to the Griffith Affordable Housing Strategy Background Paper, an estimate of the annual number of homeless people in Griffith LGA using homelessness duration data from the General Social Survey is 1,740 to 2,609

homeless people and 2,237 to 3,354 people marginally housed, with a best estimate of 2,175 homeless people and 2,796 marginally housed people in any given year. Of these around 730 would be expected to seek assistance in total, 330 to obtain assistance from housing service providers and 500 to access housing service providers and crisis accommodation.

The Griffith Affordable Housing Strategy was undertaken by Council to gather evidence based data to inform practical strategies designed to alleviate the needs of those identified as experiencing housing stress. Council intends to adopt the Affordable Housing Strategy (when completed) in 2019. Findings and recommendations will be progressed in conjunction with other stakeholders including other levels of government, non-government agencies and the private sector.

WATER – No mention, acknowledgement or preparation for the record low 7% allocation of General Security water this year and projected ZERO allocation for next year. RECORD high water prices making most crops unprofitable. 100 Jobs lost from Ricegrowers.

TOXIC Blue green algae issues in Lake Wyangan and sections of our Water source Murrumbidgee River.

Water policy is primarily the responsibility of Federal and State government. Council will continue to advocate for the interest of business and residents of the Griffith LGA.

Council is progressing actions to improve water quality at Lake Wyangan.

PUBLIC CONSULTATION and Transparency Presentations like “housing forum” and “Sports Precinct” forum held last year (*where Mayor publicly humiliates and abuses and berates member of public with questions or comments*) are no substitute for proper and legislated consultation and selective minority groups like Sports Council and invited guest developers often conflicted are inadequate.

Council conduct legislated consultation via Section 355 of the Local Government Act and as such have 12 Advisory Committees and 9 Working Groups comprised of Councillors and community members. Council hold Public Information Meetings (eg Annual Budget Meeting), consult with government and non-government agencies, interact with the community through social media and surveys and hold a combination of open forums for all members of the community and forums for invited stakeholders dependant on the type of information being gathered or disseminated. All matters are reported in Council Meetings which are open to the public who are able to interact with Councillors regarding items on an Agenda. It should be noted the Griffith Business Chamber (GBC) has had no representation at the last two Business Development Major Projects Committee of which a GBC Executive is a member and the GBC Executive did not attend the additional Budget Meeting which was specifically scheduled to accommodate the GBC.

PUBLIC HOSPITAL – Council clearly conflicted because of direct involvement in Private Hospital and a hinderance to redevelopment progress.

The Public Hospital redevelopment is a State Government project. Griffith City Council was delighted to support and construct the St Vincent's Private Community Hospital in consultation with St Vincent's. Equally, Griffith City Council is delighted to be a supporter of the Griffith Base Hospital development, with an allocated budget of \$224M from the State Government. Griffith Base Hospital and St Vincent's have commenced forming partnerships to maximise health outcomes for the community.

FREIGHT RAIL – Council negligent in applying safety, noise, dust, and time of operation compliance on clearly in breach Rail hub in centre of City.

Council acts on complaints received and carries out compliance activities in accordance with approved operations. Council is actively involved in activities related to the relocation of Linx to the WR Connect Wumbulgal location which ultimately is a business decision of Linx.

EDUCATION – Inadequate operations, facility and highly conflicted management of Country University start up. Super School merger failings with insufficient teachers etc. Council not representing community or students.

Murrumbidgee Regional High School is a State Government project. The Country Universities Centre will open in Griffith in July 2019 as forecast. Significant grant funding has been secured from the State and Federal Government.

COUNCIL CODE OF CONDUCT – Continual reports from GCC staff, Elected Councillors and Community members of bullying, name calling and disrespectful behaviour by Mayor and Senior Management Team.

The content and administration of Code of Conduct complaints are confidential. Annual statistics are reported to the Office of Local Government.
